InvisiGarde®
YOUR SURFACE SHIELD
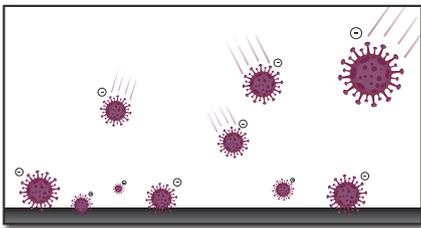

AUSTRALIAN MADE AND OWNED

HOSPITAL GRADE DISINFECTANT SPRAY & SURFACE SHIELD
## Australian Eucalyptus Fragrance

Australian Owned and Manufactured InvisiGarde® Hospital Grade Disinfectant Spray & Surface Shield uses Tri-Quat® technology to kill COVID-19 and bacteria. Our next generation formula is ideal for hard surfaces, is alcohol and bleach free, and helps reduce mould and mildew.
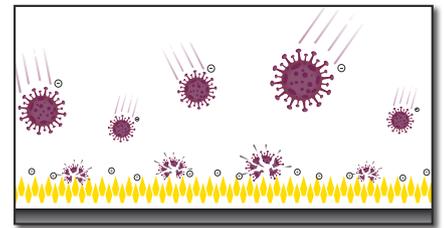

TRI-QUAT® TECHNOLOGY

How our Tri-Quat® technology works

Germs and bacteria are negatively charged germs.

InvisiGarde® uses positively charged particles to breakdown membranes of germs, killing them on contact.

- ✔ **Alcohol and Bleach Free**
- ✔ **Kills SARS-CoV-2 (COVID-19)**
- ✔ **Kills 99.99% of germs** such as S. aureus, S. choleraesuis, E. coli, P. aeruginosa.
- ✔ **Helps Reduce Mould & Mildew**

PERSONAL
Safe for surfaces throughout your home.

WORKPLACE

^Not for therapeutic or medical use.

HOW TO USE

InvisiGarde® Hospital Grade Disinfectant Spray & Surface Shield is formulated for hospital grade disinfecting and is compatible with InvisiGarde® Anti-Bacterial Cleaner & Surface Shield. These products combined with InvisiGarde® Foaming Hand Sanitiser & Shield are a complete cleaning and disinfecting system to help kill COVID-19 and bacteria.

HOW AND WHEN TO USE
(HGD) Hospital Grade Disinfectant Spray & Surface Shield

APPLICATION NEED	STEP 1 Clean & Prep Surfaces	STEP 2 Disinfect & Protect Surfaces	Frequently Touched Areas (e.g. door handles, benchtops, light switches)
Hospital Grade Surface Disinfecting	Spray and wipe to clean the surface with undiluted HGD.	Spray and wipe the surface again with undiluted HGD to **kill COVID-19** and bacteria. Allow to dry for 60 minutes. (As per instructions on label)	Repeat STEP 1 Daily

Tips:
1. Always use a compatible cleaner with your disinfectant. Some cleaners can neutralise disinfectants and stop them from working.
2. SAFE WORK AUSTRALIA states that you MUST clean a surface before disinfecting, or the disinfectant can't do its job properly.
3. For general anti-bacterial cleaning use InvisiGarde® Anti-Bacterial Cleaner & Surface Shield.
4. To help protect hands from germs use InvisiGarde® Foaming Hand Sanitiser & Shield.
