

Furniture Polish

Magic Furniture Polish is the ultimate solution for maintaining and enhancing the elegance of your home. This versatile polish not only cleans but also restores the shine to timber, brass, enamel, and Laminex surfaces. Enriched with beeswax and lemon oil, it leaves your furniture looking radiant and well cared for.

Proudly Australian made and owned, Magic Furniture Polish is silicone-free, delivering a streak-free, non-greasy finish. Whether restoring antiques or maintaining your everyday pieces, this polish ensures professional, long-lasting results with every use.

Aerosol products contain propellant, so only 1/2 to 2/3 of the weight is actual product (e.g., sometimes less than 200g in a 350g can). Our 250mL mist spray offers 100% usable product, making it better value and more efficient.
