FIRE wise EST. 1979

INSTANT BRICK CASTABLE CEMENT

Firewise Instant Brick Castable Cement is a high-temperature, heat-resistant cement designed to replace damaged firebricks, build firepits and pizza ovens, and provide protective coverings in areas exposed to intense heat. Heat resistant up to 1000°C, it can be cast or moulded into shape, making it a versatile solution for high-temperature repairs and construction.

RETAIL PACK INFORMATION		
4kg Bucket - SKU# 40-4		
Description	Dimensions	Unit Qty
4kg	W165 x D165 x H148mm	1
Carton	W330 x D330 x H163mm	4
EAN	9312066042513	

Suitable for interior and exterior applications, Instant Brick Castable Cement is mixed with water to create a workable consistency that can be poured or shaped as required. It dries in 24 hours and provides a durable, heat-resistant finish. Each 4kg tub produces approximately the equivalent of one standard house brick, making it a practical option for smaller repairs and custom applications.

FEATURES:

1. High-Temperature Resistant
2. Castable & Mouldable
3. Superior Strength & Durability
4. Versatile Applications
