

WASHING MACHINE DISINFECTANT - Powder

Magic Washing Machine Disinfectant Powder is a powerful formula that targets bacteria, grime, mineral deposits and odours in top and front load washing machines. Its concentrated powder formula helps remove hidden build-up, soap scum and detergent residue to keep machines clean, fresh and performing at their best.

This powerful cleaner, disinfects and deep cleans in one simple step, by breaking down trapped residues that cause unpleasant odours. Regular use helps reduce bacterial growth, keeping your machine clean so your laundry smells fresh. They are safe for all machine types, including high-efficiency models, it helps improve washing performance and extend the life of your appliance by reducing detergent build-up.
